

Science of Integration

Pioneering “Contract Quality Organizations” (CQOs)

**A one stop shop for
lab partnerships.**

**Focuses on standardization
and innovation to maximize
our client’s margins.**

**Can reengineer and
automate lab workflows
with minimal resources.**

Just the right fit

Whether you need assistance in technical companionship, starting up, or been in business for centuries, we can help.

Many newcomers in the lab industry aren't familiar with quality parameters and best lab practice- under compliant.

Veterans in the industry tend to be antiquated and overlook opportunities to effectively compete- over compliant.

Regardless of age or size, everyone can use an extra pair of eyes to help think outside the box.

Menu of services

Why choose us

We can provide a reliable partnership to help our clients improve their bottom line both on site and remotely.

We understand that every business is unique, and we will find the best fit to meet our client's needs.

We have the capabilities for continual improvement and modernization via Agile, Lean, Six Sigma and regulatory.

We can work on a project basis or retainment where we will continually assist our clients throughout their journey and continually improve their quality.

Where we serve

Regularly and proudly serving New Jersey, Delaware, the greater New York City and Philadelphia metro areas.

Please inquire about service outside these areas.

We are based out of Bucks County, PA now. Please contact us at scintegratellc@gmail.com or our Principal Owner, Sean Carey, at **908-752-2937. Thank you and we look forward to doing business with you.**
